Greetings

It has been my esteem pleasure over the past 13 years to help young ladies and young mento attending prom and college. After such a overwhelming flow of young people asking for help for college I decided to form an organization to not only address their needs when they first go off to college but to also address self esteem issues as well as health and positive imaging for the positive resolve for future young women and men.

The Better Love Yourself Inc. NFP organization is for everyday women and men who do extra ordinary things in life through mentoring. This movement will take the world by storm in positivity which will form what I like to call *Positive CHANGE*.

Please download the application for your Better Love Yourself Trunk and I hope to see you on the date of your City's Event. (Check the Calendar for your Trunk Presentations Event Day. You must be present to get your Trunk if you are selected).

Sincerely,

Terisa Griffin

Application for the “Better Love Yourself” Trunk

Name _____

Address _____

High School _____

College You will Attend _____

Grade Point Average (optional) _____

(1) Please attach an essay that best describes who you are today and who you hope to be in the future.

(2) Include how you feel about yourself and what you wish to accomplish in the next 10 years of your life in the essay.

(3) Describe how peer pressure influenced your decisions as a high school student in the essay.

(4) Describe how you handled the worse situation in your life but in the essay.
(Please don't lie)

(5) Tell me how you love yourself and what you do to remind yourself that you are special. (Separate piece of paper)

(6) You must have at least (5) Signatures with three lines from the person in charge that Confirms at least 6 Hours of community service to receive this trunk.
(attached to the essay but no staples)

(7) Last but not least tell me what this trunk will mean to you in the essay.

(8) Make a copy of this page and the information that I have ask for and keep one for yourself and mail the remaining copy to:
